U.S. Food & Drug Administration

Import Alert 99-08

(Note: This import alert represents the Agency's current guidance to FDA field personnel regarding the manufacturer(s) and/or products(s) at issue. It does not create or confer any rights for or on any person, and does not operate to bind FDA or the public).

Import Alert # 99-08
Published Date: 03/04/2014
Type: DWPE
Import Alert Name:
"Detention Without Physical Examination Of Processed Foods for Pesticides"

Reason for Alert:
This alert provides a compilation of all processed foods that may be subject to detention without physical examination due to illegal pesticide residues pursuant to the procedures outlined in Chapter 9 of the RPM.

Guidance:
Districts may detain without physical examination shipments of the products identified in the attachmnet for this alert if the shipper or manufacturer fails to provide a valid certificate of analysis showing the product does not contain illegal residues of the cited pesticide(s).

A firm and product subject to detention without physical examination for a specific pesticide under this import alert may also be exempt from the detention recommendation identified in the Green List of Import Alert #99-15 for a different pesticide(s). In that case, the firm is still required to provide certification that the product is free from the pesticide listed in the Red List to this import alert. If the firm cannot provide certification, the product should be detained with the charge shown below. The firm does not need to provide certification that the product is free from the pesticides shown on Import Alert #99-15.

For questions or issues concerning science, science policy, sample collection, analysis, preparation, or analytical methodology, contact the Division of Field Science at 301 796-6600.

Product Description:
Processed Food Products

Charge:
"The article is subject to refusal of admission pursuant to Section 801(a)(3) in that it appears to contain a pesticide chemical, namely _____, which is in violation of Section 402(a)(2)(B)."

OASIS charge code - PESTICIDE2
